Good Dental Coverage Does More Than Help You Look and Feel Better.

Everything you need from dental benefits.

- **Save** on dentists' usual charges when you visit a participating dentist or specialist.
- **Choose** any participating general dentist or specialist in the CIGNA Dental PPO/DEPO network—**one of the largest in the U.S.**¹ The choice is yours.
- **Access** a secure website – myCIGNA.com – where you can view plan information and use our full suite of tools such as the Dental Treatment Cost Estimator and Dental Health Content via WebMD.

The key to a healthy smile is to take care of your teeth and gums before problems begin. Receiving regular dental care often catches minor problems before they become major and expensive to treat.

Every \$1 you spend on preventive dental care could save you \$8 to \$50 in restorative and emergency treatment². You'll find that coverage for most preventive services is provided at no charge. And taking good care of your teeth and gums may help improve your overall health. Periodontal (gum) disease, a bacterial infection, is linked to complications for pre-term birth, heart disease, stroke, diabetes, osteoporosis and other health issues.

Plan details

The DPPO/DEPO plans offer maximum savings and choice.

- You do not need to select a primary care dentist.
- You **do not** need an ID card to receive dental care.
- You can enjoy lower out-of-pocket costs for covered services because network providers contracted fee schedules represent an average of 35% off average area charges³.

DPPO/DEPO offers coverage for a wide range of services at a cost savings. Your coverage includes:

- Preventive care (cleanings, x-rays, and more).
- Basic care (fillings, basic restorative work)
- Major services (bridges, crowns, root canals and more).
- Some plans may include orthodontic coverage for children and adults.

Please refer to your Summary of Benefits for plan details and any applicable age and frequency limitations. Your enrollment materials contain additional information on the DPPO/DEPO plan.

¹CIGNA Dental internal analysis, 2006.

²www.adha.org (American Dental Hygienist Association)

³Average discount percentages are calculated by comparing nationwide average contracted rates to national average charge data. Actual savings will vary based upon procedure, geographic location, and the individual dentist's contracted fees.

Questions Answered.

CIGNA Dental PPO/DEPO

Do I need a referral to see a specialist?

No. You do not need a referral.

Can I find out what my treatment will cost before I have it?

You can find out what a treatment will cost prior to treatment by asking your dentist for a predetermination of benefits. Your dentist can request an explanation of benefits that shows what would be covered and how much you would have to pay. You can then discuss your plans for treatment and payment as a well-informed patient.
